

M501 - Notes Re Video used in Case Study 1

- 1) You will need Apple “Quick Time Player” installed on your computer to play the video. It will not function using Windows “Media Player”.**
- 2) The video does not have sound and is not of the best quality as it has been transferred from tape but the content is still sufficiently clear for training purposes.**
- 3) The video runs for 2 minutes 38 seconds and continues to repeat after that time.**
