

Conference Programme

Monday 16 June

Professional Development Courses

More details including booking information will be released shortly to conference delegates

| | | |
|----------------------|--|---|
| 09:30 - 12:30 | Leadership for Occupational Hygienists: Skills and business tools for all practitioners to support the effective management and promotion of Occupational Hygiene | How to Give Added Value for Clients With OH Reports |
| 13:30 - 16:30 | New Tech Dragon's Den - Assessing Innovations in OH | Getting the Board to Listen - Corporate Leadership Techniques for OH |
| 15:00 - 17:00 | Conference Registration Desk Open | |
| 19:00 | IOM Sponsored Pub Quiz - Tyne Suite Hilton Hotel | |

Sponsored by

Tuesday 17 June

| | | | |
|---------------|---|--|---|
| 08:30 - 10:00 | Registration and Exhibition Meet with colleagues and browse the exhibition | | |
| 10:00 - 10:15 | Welcome from BOHS President 2025-2026 BOHS President - Adrian Parris / BOHS CEO – Kevin Bampton / OH2025 Conference Committee Chair – Lee Heffernan | | |
| 10:15 - 11:15 | Session 1 – Warner Lecture Dr Lali Japaridze - VP Health and Industrial Hygiene BP | | |
| 11:15 - 12:00 | Session 2 - BOHS Strategy Adrian Parris & Kevin Bampton | | |
| 12:00 - 13:00 | Lunch, Exhibition & Poster Viewing Meet with colleagues, browse the exhibition and view posters | | |
| 13:00 - 14:45 | Session 3a Technology | Session 3b FOH AI / NEBOSH | Session 3c OH Consultancy |
| | Shawcity product showcase: The Science Behind the Perfect Fit: A Closer Look at APC & CNP Technologies.  | Faculty of Occupational Hygiene - AI Panel Session Dave Rogers | Shawcity Instrument Hire: Flexible Solutions for Precision Monitoring  |
| | Facilitating data sharing to increase the value of data collected by occupational hygienists – Workshop 1 Hour | | Regulating Occupational Hygiene Consultants Robert Williams |
| | Decision-making criteria in Real Time Aerosol Monitoring. Suzanne Broadbent | NEBOSH Session tbc | How did ExxonMobil meet the needs of a major turnaround using non-oil and gas consultants Neil Thomas |
| | Face-Fit Testing” – a critical review analysis Brett Edkins | The H in HSE – building Industrial Hygiene Capability in bp’s HSE Advisor community Lee Heffernan | Application & benefits of remote monitoring Matt Williams |
| | | | Mental health and personality disorders. The role of occupational hygienists in managing psychosomatic illness Adam Cox Kelvin Williams |
| 14:45 - 15:25 | Afternoon Refreshments, Exhibition & Poster Viewing Meet with colleagues, browse the exhibition and view posters | | |

| | | | | |
|---------------|--|---|--|---|
| 15:25 - 16:10 | Session 4 - John Cherrie Lecture Dr Johanna Feary, Imperial College London | | | Sponsored by  |
| 16:10 - 17:10 | Session 5a International | Session 5b UKHCA / FOH Showcase | Session 5c Heat Stress / Nano | |
| | Preventing Exposure to Carcinogens through Inherently Safer Design Mette Mathiesen | UK Hearing Conservation Association Clare Forshaw | Occupational Heat Stress: Reducing Health Risks through Simple Interventions in High-Exposure Environments using Environment, Social & Governance (ESG) Strategy of Sustainability Nanisuria Aris | |
| | A Conglomerate's Journey Towards Exemplary Industrial Hygiene Management Ganesh Desai | Faculty of Occupational Hygiene Showcase: Come and hear about what has happened in the Faculty over the last two years, why the changes have been needed, what might be coming next and how this is relevant for all professional occupational hygiene practitioners | Beating the odds to Zero heat exhaustion cases. Nezar Ali | |
| | | | Nanomaterial (NM) risk assessment – A safe-by-design (SbD) approach Morgan Lofty | |
| 19:00 | Casella Social - Pitcher and Piano | | | Sponsored by  |

Wednesday 18 June

| | | | |
|----------------------|--|---|--|
| 08:30 - 10:00 | Registration and Exhibition Meet with colleagues and browse the exhibition | | |
| 10:00 - 10:45 | Session 6 Keynote Adrian Hirst - Hirst Consulting Ltd | | |
| 10:45 - 11:45 | Session 7a Renewables | Session 7b Bio-aerosols | Session 7c Workplace Health Without Borders Themed Session: |
| | New energy health risks - challenges, risks and approaches in new energy options where portfolios and projects are rapidly changing Lucetta Holderness | Analysis of Proposed Methodologies for Selection and Use of Respiratory Protective Devices to Prevent Occupational Fungal Diseases in Healthcare, Laboratory and Industrial Sectors (Pre-Record/Virtual) Stephen Larson | Introduction to WHWB Asbestos Working Group followed by Asbestos in Talc Dorothy Cook, WHWB UK |
| | From Hydrocarbons to Hydrogen - what changes when it comes to fire and gas safety? Megan Hine | Development of a new inhalation model to assess the exposure to bioaerosols Henri Heussen | Occupational health and hygiene promotion in the informal sector in Kenya Abdulqadir Mohamad Suleiman of WHWB-UK |
| | Navigating the Energy Transition: Ensuring a Safe and Sustainable Working Environment Jakob Nærheim (presented by Mette Mathiesen) | Exposure to bioaerosols in waste plastic recycling: a case study Tom Laffey | |
| 11:45 - 12:25 | Morning Refreshments, Exhibition & Poster Viewing Meet with colleagues, browse the exhibition and view posters | | |
| 12:25 - 13:25 | Session 8a Chemical Risk Assessment and Management / Marketing Workshop | Session 8b Energy Institute | Session 8c Chemical Hazards |
| | A Standardized Framework and Supporting digital tool for Assessing Health Risks from Chemical Hazards Lucetta Holderness | Energy Institute - Occupational Hygienist Synergy Workshop on Energy Hot Topics  |  Casella Product Showcase Addressing noise exposure in the workplace and utilising new technology Stephen Sandford |

| | | |
|----------------------|--|--|
| | <p>Registration and risk assessment of hazardous substances in Construction and Infrastructure: Step-by-step towards an industry-wide solution with the Hazardous Substances Assistant Daan Huizer</p> <p>Marketing Made Simple: Utilising The Full Marketers Toolbox for Business Growth Joe Mott & Lee Kelly-Burkett</p> | <p>Physicochemical characterisation and potential health effects of tyre wear particles (Pre-Record/Virtual) David O'Loughlin</p> <p>The Influence of Respirable Wood Dust on Elemental Carbon Used as a Marker in Diesel Emission Exposure Monitoring Christina Ryan</p> <p>De-mist-ifying isocyanate exposure sampling Mary Cameron</p> |
| 13:25 - 14:25 | <p>Lunch, Exhibition & Poster Viewing Meet with colleagues, browse the exhibition and view posters</p> | |
| 14:25 - 15:45 | <p>Session 9 President's Session</p> | |
| 15:45 - 16:05 | <p>Afternoon Refreshments, Exhibition & Poster Viewing Meet with colleagues, browse the exhibition and view posters</p> | |
| 16:05 - 17:15 | <p>Session 10 IGNITE</p> | |
| 19:00 | <p>Conference & Awards Dinner @ Hotel</p> | |

Thursday 19 June

| | | | |
|---------------|--|--|--|
| 09:00 - 10:00 | Registration and Exhibition Meet with colleagues and browse the exhibition | | |
| 10:00 - 11:30 | Session 11a Noise | Session 11b Sustainable occupational hygiene/leadership workshop | Session 11c RPE Innovation |
| |  Casella Product Showcase Transforming Exposure Assessments Through Connected, Integrated Monitoring Jim Struthers | An Analysis of Fume Cupboard Opening Face Velocity and Its Impact on the Energy Costs of Laboratory Ventilation: the myth of the Green Laboratory (Pre-Record/Virtual) Stephen Larson | Office for Nuclear Regulation - Enabling Regulation, leading innovation. Regulator-led innovation in the use of enhanced protection factors for tight fitting respiratory protective equipment in the nuclear industry. Clive Stoddart |
| | Environmentally Sound: how to use modern noise control technology to cut carbon footprints and waste Peter Wilson | SmartAIR+ - greener LEV for Industry 4.0 Roger Watson < | |

| | | | |
|---------------|--|--|--|
| 13:45 - 15:15 | Session 13a RCS | Session 13b Building Occupational Hygiene Capability/Inter - disciplinary working | Session 13c RCS |
| | Characteristics of Respirable Crystalline Silica Emissions from Engineered Stones Saisattha Noomnual | A holistic approach to worker health protection by adoption of the Plan Do Check Act model and optimisation of occupational health intelligence for better health outcomes. Duncan Smith | A simple respirable crystalline silica exposure assessment tool to guide health professionals determine whether health surveillance for those exposed to respirable crystalline silica should include chest X ray. Kelvin Williams |
| | Exposure to respirable crystalline silica in working with artificial stone in the Netherlands. Pim Duis | | |
| | The dust control effectiveness of integrated hammer drill extraction units. Adam Clarke | Tools for Interactive Education Helen Taylor | |
| | The flooded-bed dust collector is an overlooked factor in the resurgence of coal worker’s pneumoconiosis in the United States Steven Lacey | | |
| 15:15 - 15:30 | Afternoon Refreshments, Exhibition & Poster Viewing Meet with colleagues, browse the exhibition and view posters | | |
| 15:30 - 16:30 | Session 14a Bedford | Session 14b Workshop | Session 14c Occupational Health & Safety |
| | Thomas Bedford Memorial Prize talk Deborah Glass | TBC | Innovative Approaches to Reducing Workplace Hazards through Proactive Health and Safety Culture Muhammad Majad |
| | | | Prevalence and factors associated with occupational injuries among building construction workers in the Gambia Bakary Kinteh |
| 16:30 | Conference Round-up | | |
